Allied Telesis Management Framework (AMF) is a scalable network management platform. It supports Allied Telesis switching, firewall, and wireless products, as well as a wide range of third-party devices—including video surveillance cameras and IP phones—for truly inclusive network automation.

Allied Telesis Vista Manager enables graphical monitoring and management of AMF networks, and the full AlliedWare Plus operating system command set is available for all network devices.

Choose locally-based automated network management, or fully cloud-based deployment.
